

## Installation Steps

**This section explains how to Install Theme Twelve.**

Download Latest Theme Twelve Code from the Odoo App Store. It will send you the zip file.

Extract zip file. After extracting the zip file it will gives you module **theme\_twelve\_bizople**

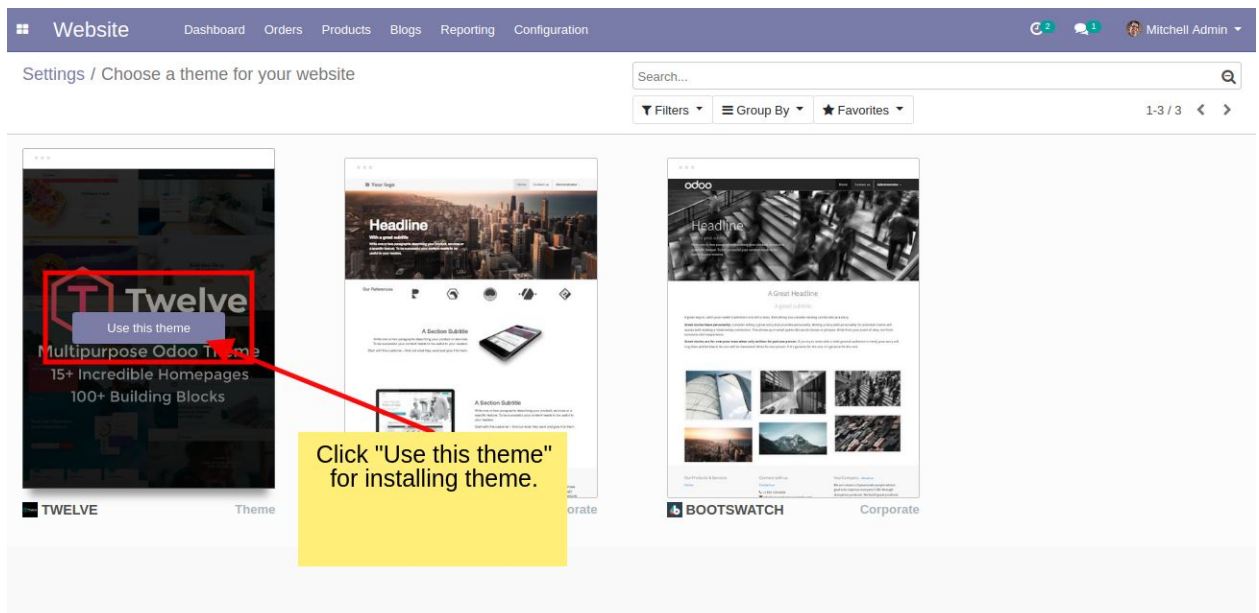

Copy that module on your Odoo Addons or your custom addons path after the copy that module. Restart odoo service and update the app list.

### Now Install Theme :

Go to Website -> "Configuration" -> "Settings"

In Settings Click the button "Choose a Theme" .

You can see the theme lists available. For installing Theme Twelve drag mouse arrow on Theme Twelve , you can see the button "Use this theme", click on that button.

The screenshot shows the Odoo Website Settings interface. The top navigation bar includes 'Website', 'Dashboard', 'Orders', 'Products', 'Blogs', 'Reporting', and 'Configuration'. The user is logged in as 'Mitchell Admin'. The main heading is 'Settings / Choose a theme for your website'. Below this, there is a search bar and filters. The theme list displays three themes: 'TWELVE', 'Corporate', and 'BOOTSWATCH Corporate'. The 'TWELVE' theme is highlighted with a red box, and a red arrow points to the 'Use this theme' button. A yellow callout box with the text 'Click "Use this theme" for installing theme.' points to the button. The 'TWELVE' theme preview shows a dark background with a red 'T' logo and text: 'Use this theme', 'Multipurpose Odoo Theme', '15+ Incredible Homepages', and '100+ Building Blocks'.
